Detailed report

Service NSW for Business provides free, personalised support to small business owners, to help them understand industry regulations, to guide them through transactions, and to access support.

The services provided to business owners include:

- Business Concierges offering over-the-phone, email and face-to-face support and case management.
- An online Business Profile to make it faster and easier for business owners to transact with NSW Government.
- Guidance and support for small business owners impacted by natural disasters or emerging issues to access a range of Government stimulus, support and information.

Online business information hubs including how-to guides to help business owners understand key tasks and the support available when starting and running a business in NSW.

In 2018, Council signed a Service Agreement with Service NSW under the brand of “Easy to do Business”. This brand by Service NSW has been updated to “Service NSW for Business”.

A new Partnership Agreement has been developed to update the revised branding and provide consistency across all councils, reflecting the broader focus of Service NSW for Business and provide the opportunity for Mid-Western Regional Council to engage with all services across Service NSW now and into the future.

The new Partnership Agreement includes further detail and clarity about the roles and responsibilities of all agencies in relation to the collection, storage and security of personal information.

There are no additional tasks required of Council, however signing this agreement provides access to a range of data collected by Service NSW which provides insights and understanding of services and assistance being providing to local businesses across the region. Previous data shared with Council under the initial agreement included number of businesses accessing various grant sources from bushfire funding to COVID support. Data has also included informaiton regarding number of businesses registered for Job Keeper as well as number of business using or value of consumers accessing Dine and Discover vouchers in the region. It is important to note, no personal or individual business information is provided. Data provided is summerative only.

The intention of the Partnership Agreement is to build awareness of specialist advice services available to local businesses, ensure Council staff can direct enquiries to these services and provide applicants with the skills to be better informed and researched prior to lodging any applications.

For Mid-Western Regional Council, the process is to endorse the proposed recommendations and to inform Service NSW when this endorsement has occurred.

When establishing a new continuous improvement initiative, the parties will classify the initiative based on

whether it can be implemented as:

- A. part of the ongoing 'business as usual' services (cost and resourcing to be absorbed by Service NSW;
or
- B. a new project initiative (cost and resourcing to be agreed by the parties).

A prioritisation process will be agreed upon between the parties to prioritise initiatives (for Service NSW, this will be performed by the Partnerships team).

The Agency may be required to effect policy, system or regulatory changes to assist in delivering the service process improvement, as agreed with Service NSW. Where a review of Agency policy, system or regulatory changes is requested by Service NSW from the Agency, these should be conducted within timeframes agreed between the respective Relationship Managers.
