Detailed report

The total budget amendment in this report of \$9,643,548 includes \$7,570,285 in Capital expenditure and \$2,073,263 Operating expenditure projects.

A number of these projects were commenced and expected to take place over more than one financial year. Due to some delays in construction and the allowance for variability in timing of works, the full budget allocation was not expended in 2020/21. As these projects were commenced to various stages, but as at 30 June 2021 were not completed they are not technically "revotes" in accordance with the Regulations (as per s211(3)), but they are reported to Council as revote projects for completeness.

Unspent budget of \$1,671,367 funded by unrestricted cash is proposed to be revoted to be spent in 2020/21. This includes \$248,254 for continuation of Coivd-19 response if required.

In relation to Covid-19 this has impacted on the revote of budget for the following projects:

| Project                            | Amount (\$) |
|------------------------------------|-------------|
| CBD Pedestrian Lighting            | 71,574      |
| Art Gallery Operations             | 60,000      |
| Pitts Lane Lighting                | 17,273      |
| Staff Training                     | 77,200      |
| Regional Signage strategy          | 15,045      |
| Sewer Telemetry                    | 17,389      |
| Rural Waste Depot Upgrades         | 24,678      |
| Rural Customer Water Fill Stations | 138,781     |
|                                    | 421,940     |

# Legislation

Section 211(3) of the Local Government (General) Regulation 2005 states that budgets approved by Council automatically lapse at the end of a financial year. However, this subclause does not apply to approval and votes relating to:

a) work carried out or started, or contracted to be carried out, for the Council; or

b) any service provided, or contracted to be provided, for the Council; or

c) goods or materials provided, or contracted to be provided, for the Council; or

d) facilities provided or started, or contracted to be provided, for the Council before the end of the year concerned, or to the payment of remuneration to members of the Council's staff

A budget approval that has lapsed may be reinstated by a resolution of Council.

# Financial implications

Council has sufficient funds in Reserves, Unspent Grants and Contributions, and Developer Contributions in each of the individual funds to be allocated to the continuing projects. Council's unrestricted funds balance as at 30 June 2021 will be finalised as part of the 2020/21 financial statement process, and confirmed by external audit, however the forecast budget indicates that sufficient unrestricted funds will be available to meet the General Fund revenue-funded revotes.

It is important to note that amounts revoted from one financial year to the next, in particular operational expenditure items, impact the operating results of each year.
